CONVERSATION PARTNER PROGRAM APPLICATION
for Global Launch Students

Thank you for your interest in the Conversation Partner Program at Global Launch (GL). The purpose of this program is to help GL international students meet ASU students from English-speaking countries. In addition, the program gives students opportunities to practice English and learn about each other’s culture (including native languages). If your goal is to spend time with an ASU English-speaking student, this is the right program for you.

The matching process can sometimes take a while. We only match men with men and women with women. As soon as we find a partner for you, you will receive an email from GL. In the email we will tell you the name, phone number and email address of your new conversation partner. After you receive this email, you should send him/her an email. You and your partner will decide when and where you will meet for the first time. Check your email often!

Tips for the first meeting:
1. Determine a place on the ASU Tempe Campus for your first meeting (easier to find each other).
2. Think about some questions you would like to ask your new partner.

PLEASE WRITE CLEARLY!
Some students never receive partners because their email addresses are not easy to read.
